

Toxic Yuri VN Jam 2026

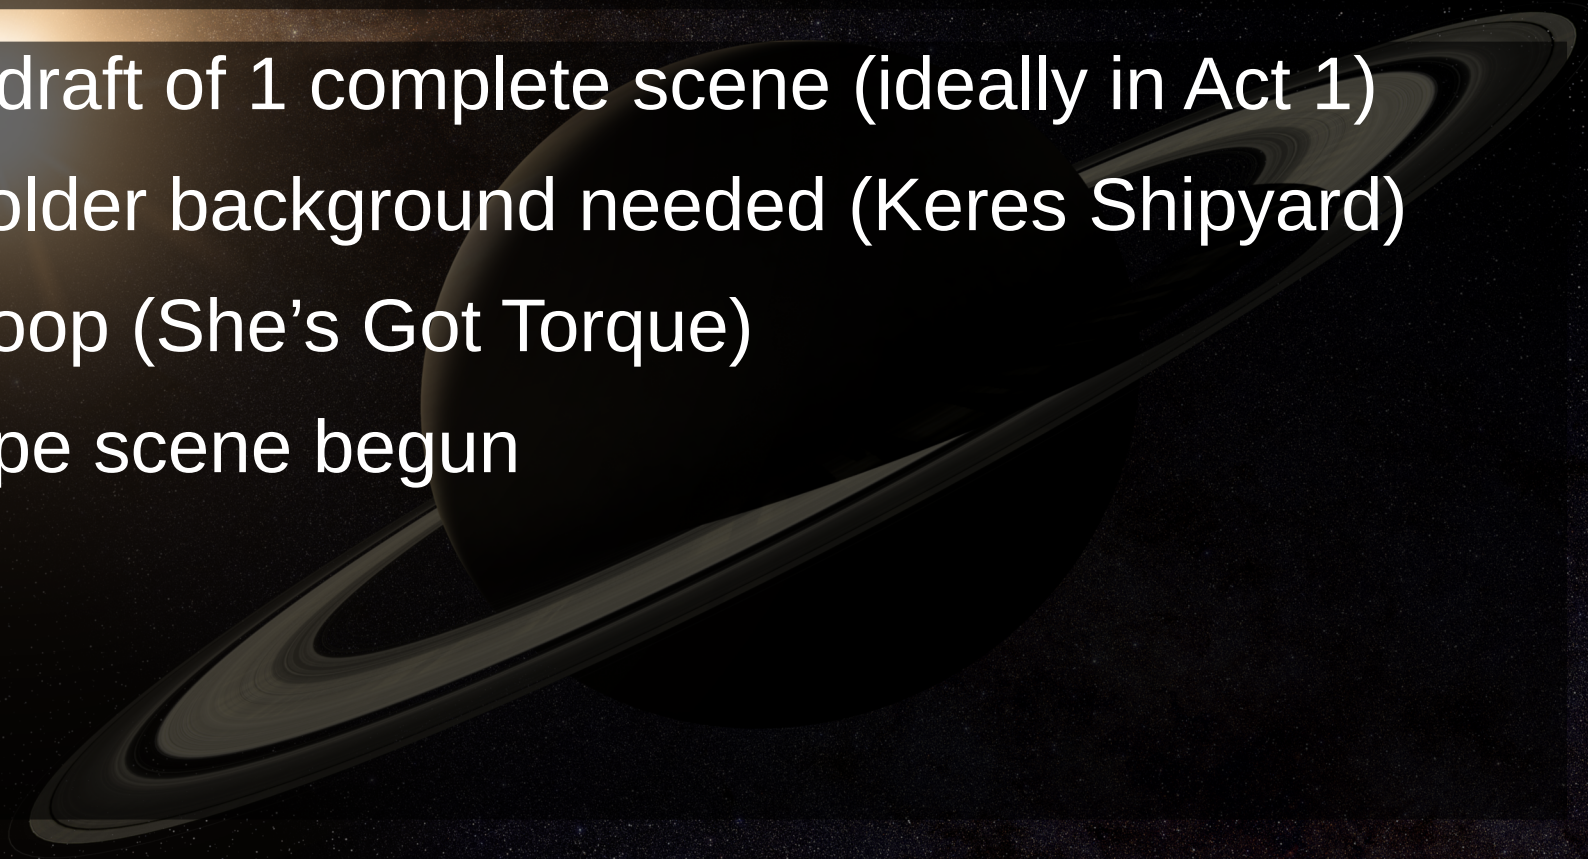

Week 4

Week 3 wrap-up

- Outlines complete, script drafts begun
- Placeholder art

To do this weekend:

- Rough draft of 1 complete scene (ideally in Act 1)
 - Placeholder background needed (Keres Shipyard)
 - Music loop (She's Got Torque)
 - Prototype scene begun
- 

Week 4 goals

- Writers: FINISH ROUGH DRAFTS!!!!
 - Add files to repo
 - Begin editing final draft of script (assign editor?)
- Artists: Begin work on FINAL ASSETS (characters & backgrounds)
 - Start with most important/needed

Week 4 goals (cont.)

- Composer: Begin work on FINAL TRACKS
- Programmer: Continue work on final game
 - Add scenes as assets become available
 - Experiment with UI & decide on final

Priorities going forward:

- Finish script drafts & begin compiling final script
- Begin prototyping game
 - ^^ both of the above will help the rest of the team
- Start thinking about needed illustrations and who will do them (Audrey?)

Closing thoughts

- Planning phase is fully over
- All hands needed, time management is key
- “Perfect” is the enemy of “done”— prioritize meeting goals & deadlines over polish
- We WILL submit a game— even an unfinished one
